PRODUCTS OR MACHINERY

TUNAP is the international system and development partner to the automotive industry.

Together with our cooperation partners, we develop customized solutions for improved mobility. The portfolio includes chemical products, both for maintenance and for repairs and solutions for all vehicle ranges: From the engine, brakes about body up to the human-friendly maintenance and servicing of air conditioning and interior environments. TUNAP offers sustainable value-added services, thereby creating a win-win situation for manufacturers, workshops and drivers.

Whether it is cleaning, care, protection or lubrication: From special agents through to PREMIUM aerosols, you can obtain the complete system for maintenance from TUNAP. Always with the concept of supplying individual services, chemical and cosmetic products of the very highest quality.

From the business-management consultation, technical product training through to working safely with chemicals, TUNAP offers a complete consultation program.

Safety, environmental sustainability, cost-effectiveness and customer orientation are TUNAP GROUP`s prime goals. Implementation of all these objectives will remain one of our most important challenges in the future.
