PRODUCTS OR MACHINERY

Exclusiv distribution of FINigrana® - nailfiles made of glass.

The extremely fine granulation of our glass nail file ensures a particularly gentle and even abrasion. Unlike usual nail files, the grinding surface and the body of the file are made of the same material.

With its highly effective grinding, our glass nail file is suitable for the shortening of nails and for the finishing touch alike.

Due to the special tempered glass, the glass nail file does not wear off and the grinding surface is highly durable. The Finigrana Nail Files can easily be cleaned with water and are sterilisable.

Company Profile of **Treibholz GmbH**

A service of glasssglobal.com, an affiliate of glasssglobal group.
