Address	AVANCIS GmbH Konzerngesellschaft von CNBM Solarstraße 3 04860 Torgau
Country	Germany

PRODUCTS OR MACHINERY

PowerMax® – Premium class photovoltaics

The successful AVANCIS brand is well known on the market under the name PowerMax®. All PowerMax® CIS-modules have one thing in common: An extremely high electricity yield (kWh pro kWp) possible due to spectral sensitivity, excellent low light performance and a low temperature coefficient.

All PowerMax® modules not only meet the highest technological and aesthetic requirements, they are also among the most economical on the market. The basis for this success is our fully integrated industrial production process.

From 2014, only the last stage of evolution PowerMax® SMART is manufactured and marketed.

Company Profile of **AVANCIS GmbH**

A service of glasssglobal.com, an affiliate of glasssglobal group.
