Address	Morganite Electrical Carbon LTD Upper Fforest Way Morriston Swansea SA6 8PP
---------	---

Country	United Kingdom
---------	----------------

PRODUCTS OR MACHINERY

Graphite components are utilized in many aspects of hot glass handling where its unique combination of properties confers the functionality required for diverse manufacturing and glass/metal sealing applications.

Morgan Carbon make a vital contribution to glass manufacturing. Our graphite materials have exceptional corrosive resistance, minimal wettability and the high levels of thermal and mechanical integrity required for these environments.

Key components in float-glass systems for the continuous manufacture of large format plate glass are made using specialty graphite components supplied by Morgan Carbon.

Company Profile of **Morganite Electrical Carbon LTD**

A service of glasssglobal.com, an affiliate of glasssglobal group.
