## PRODUCTS OR MACHINERY

For more than 15 years, ARclad® double-coated PSA foam muntin mounting tapes have offered a solvent-free alternative for adhering wood, painted aluminum, and PVC-extruded muntin bars to simulated divided light (SDL) windows and doors. They provide a reliable, cost-effective solution for residential window manufacturers and help reduce application time and cost.

PSA tapes are ideally suited, and often the preferred product choice, for a number of applications in the window fabrication industry. Easy-to-apply, clean, and safe, our PSA tapes provide reliable, cost-effective solutions for residential and commercial window manufacturers.

The ARclad® product line includes a wide variety of standard foam tapes and high-performance tapes for demanding applications that require a superior-performing product.
