COMPANY BACKGROUND / HISTORY

The state of the art manufacturing facility is situated besides Red sea in the Western side of Saudi Arabia. Obeikan Glass Company is the largest glass manufacturing facility of its kind in the Middle East region. With a manufacturing capacity of 800 tons per day.

Obeikan Glass is capable to produce clear float glass, conforming to International Quality standards, in a range of thickness from 3 to 12 (15) mm.

With its new investment Obeikan Glass Company has the latest technology for Lamination in its product range.

The plant was designed utilizing the latest float glass technologies and was constructed by companies with a worldwide recognition for excellence in glass plant construction.
