PRODUCTS OR MACHINERY

Oil free Centrifugal Compressors (Turbo Compressors)

FS-Elliott offers two product lines to meet the needs of most oil free air applications.

The PAP Plus Series is a flexible product that can be packaged in a variety of configurations to meet the requirements of a modified industrial application to a highly engineered custom application. The PAP Plus® has a product range of 350 - 4000 hp and is often applied to installations requiring API 672 compliance.

The Polaris® Series represents our newest centrifugal air compressor offering. Polaris® compressors utilize our time proven air ends with an extremely cost effective approach to product design and packaging. Polaris® compressors are particularly well suited for traditional industrial applications where performance and value are at a premium.
