Address	Air Industrie Thermique 54 Avenue Victor Hugo 92566 Rueil-Malmaison Cedex
Country	France

PRODUCTS OR MACHINERY

Air Industrie Thermique is able to offer you the Design, Construction and Engineering of Heat Exchange Products and Systems.

DESIGN

Thermal : Product design and definition

Mechanical : Preparation of drawings, material selection and mechanical analysis.

Construction : Construction stage definition and resource optimisation.

CONSTRUCTION

The company has its own manufacturing resources housed within large specialized industrial units.

The main exchange components are produced in these workshops under the control of delegated managers.

ENGINEERING

Evaluation and implementation with supervision or turnkey implementation of the final system. This implementation is outsourced under our control for export operations.

All this, consolidated around the inputs and specific characteristics of each Technology, positions Air Industrie Thermique as an expert on the whole range of Industrial Process exchange temperatures.
