PRODUCTS OR MACHINERY

In response the requirements of consumers (large beverage, liquor and foods companies) for quality and conditions, we supply products to them stably. With the latest production and automated testing facilities which enable it to mass-produce the highest quality products, we satisfy fast-paced consumer needs through continued technology innovation.

Highlights

- Asia's largest glass-specific printing line (4-8 degrees) and shrink label
- 3 color schemes (Flint / Amber / Emerald Green)
- Diversified production lines

About Products

Products use natural materials (silica sand, stone fossils, soda-lime, cullet, etc.), so they are eco-friendly and recyclable. As they have excellent shielding property against lights and UV, they are the most ideal containers on earth in protecting their contents.
