PRODUCTS OR MACHINERY

Stone

Diatex, an ever since leading company in the Ceramic Industry, have been active for a few years in the Stone Industry market, thus becoming a top manufacturer and a benchmark for customers who demand innovative solutions, great skills and a qualified technical assistance.

Diatex , a customer oriented company , keep always the customers' satisfaction as the goal of their mission. Their technical staff and a totally " made in Italy " production enable the company to create prototypes and test new products within short times , thus satisfying their customers' requirements.

At their Test Dept. in Villaverla new tools are tested by means of sophisticated devices which reproduce the customers' manufacturing process, enabling Diatex to offer a product which has undergone severe tests. In this way a more competitive and bespoke product is developed.
