PRODUCTS OR MACHINERY

Nor-Cote International, Inc. is a world-class manufacturer of UV curable screen printing inks. Our products are used for flat-screen and rotary-screen printing on many types of plastics, metals, and other substrates compatible with the UV curing process. Typical applications are plastic sheets, loose-leaf binders, bottles & containers, CD/DVD disks, rotary-screen printed labels, membrane switch overlays and nameplates. Nor-Cote now manufactures Screen-Cote emulsions which combine excellent print quality and durability with a wide processing range. We also carry ancillary products to provide our customers with a complete package from Norcote.
