PRODUCTS OR MACHINERY

With its unique roof rack systems and floor coverings, Prime Design Europe guarantees safe and ergonomic transport of your goods.

We have been providing a continuously growing range of flexible, high-quality solutions for vans since 2006, thanks to our patented products, which are designed and manufactured in-house. We provide tailor-made, ergonomic, smart van solutions for all applications in the LCV market.

Continuously improving the quality and flexibility of our products forms a substantial part of our key values. By so doing, we constantly strive to reduce the carbon footprint of Prime Design Europe itself, as well as that of our customers.

Prime Design has received several prizes in different countries for its innovative products.

The European headquarters and warehouses cover more than 2000 m² and have been located in Tienen, Belgium (province of Flemish Brabant), since 2011. The sales teams and on-site offices in the UK, Poland, Russia, Italy and Germany provide local support for our customers and partners.
