coating, upgrading and screen-printing of glass packaging

Besides developing individual articles decoration of glass packaging offers various ways to personalize standard or individual articles to increase attractiveness of your product and sales.

This is often way cheaper than investing in mouldsets and producing a personalized bottle or jar. Quantities are much lower - efficiency often starts from 5-10k pcs. BUT there are a lot of points to pay attention to to get the best possible result in time with minimum costs. With our long term experience in this sector and the amount of successful developed projects we are able to offer you all the support you need - always optimizing time, costs and assuring satisfying results.
