Address	DeltaPen Glass Systems Unit 3, Bros Park 29 Scheckter Road, Killarney Gardens Cape Town
Country	South Africa

PRODUCTS OR MACHINERY

Double Glazing is Insulating Glass Units manufactured by Deltapen Glass Cape Town. They consist of two or more panes of glass separated around the edges by an aluminium spacer and sealed at the perimeter in factory controlled conditions. The spacer contains a molecular sieve desiccant (drying agent) which absorbs moisture vapour in the cavity.

Deltapen Glass Double Glazing units are dual sealed units comprising of a primary seal of Polyisobutylene (PIB) to the spacer face and a secondary perimeter seal of Polysulphide. This results in a high quality IGU with a 7 year warranty suitable for commercial and domestic applications.
