State	Ohio	

## PRODUCTS OR MACHINERY

Klemica brand scientific glassware and laboratory apparatus are excellent choice for chemical handling, scientific and academic research, testing labs and school laboratories. Our laboratory glassware are made from Borosilicate 3.3 expansion glass which conforms to ASTM E-438 Type 1 Class A Borosilicate Glass for excellent mechanical strength, thermal shock protection and chemical resistance.

We offer beaker, buret, pipet, flask, volumetric flask, bottle, dish, desccicator, funnel, kettle, tubes and vials. Our products are made using machine controlled manufacturing processes for uniform quality and they comply with ASTM, ISO, DIN and other country specific standards.

We also provide glassware from leading national and international brands. Whatever your laboratory glassware needs may be, we can always meet those.

## **Custom Glassware Fabrication Services**

Klemica specializes in the manufacturing of the non-standard glass components as per drawing or sample provided. Our special purpose glass apparatus, which are not in the range of standard production, are made out of high quality Borosilicate and Quartz glass with utmost of accuracy and precision by glassblowers with years of experience.
