Address	Sigmund Lindner GmbH Oberwarmensteinacher Straße 38 95485 Warmensteinach
Country	Germany

PRODUCTS OR MACHINERY

Our highly specialized products SiLiglit and SiLibeads are traditionally produced by self developed processes in Germany at the site Warmensteinach.

The various manufacturing processes are continuously optimized and the production capacity will be expanded continuously. 1999 a new administration- and warehouse building was built.

In 2001 we invested in an advanced production line for manufacturing a new bead type. Since then the site has been expanded continuously in Warmensteinach.

In 2005 a joint venture in China was founded, thus strengthening the position on the Asian market in the long term. R&D of new manufacturing technologies is strongly promoted.
