## PRODUCTS OR MACHINERY

Supplier of Equipment for Temperature and Density Measuring, Glass Thermometer, Resistance thermometers, thermocouples, Hydrometers, Contact Thermometers Our production encompasses glass thermometers in ranges of -200 to +1050°C for nearly all applications. They are manufactured according to national and international standards such as DIN, ASTM, IP, BS, NEN, STPTC, GOST, A.P.S. and also according to customer's requirements. They are made from high-grade thermometer glass approved by the PTB, are stabilized with an artificial annealing process to "molecular constant", and thus guarantee highest accuracy's. For the determination of the smallest temperature differences we manufacture precision thermometers having scale divisions of up to 0,01°C

### Company Profile of **Ludwig Schneider GmbH & Co KG**

A service of glasssglobal.com, an affiliate of glasssglobal group.
