COMPANY BACKGROUND / HISTORY

Zak Glass Technology is the most important event for the glass industry in India and South-Asia.

Zak Glass Technology is India's and South-Asia's leading fair for glass and glazing technologies. As the most important communication platform for the glass industry, Zak Glass Technology provides you with everything that a special fair has to offer. It has established itself as an ideal place to find new, innovative and exciting products related to the glass industry.

Zak Glass Technology has presented glass products, machinery, components and systems from its beginning in the year 2003 on. The show has grown continuously during the last few years and - with 220 exhibitors and represented companies - has become the largest and leading show of its kind in India and South-Asia. The growth of the show has coincided with the growth of the glass industry in India. It is a not-to-be-missed opportunity if you want to be seen.

The show is held alternatively in Mumbai and New Delhi every year to maximize each regions potential.
