COMPANY BACKGROUND / HISTORY

Qingdao Hengda Glass Group is the largest glass processing enterprise in Shandong province, which enjoys a national fame. Its products are widely sold both at home and abroad, winning high praises. In 1995 the Company was named "the biggest decoration glass enterprise in Shandong province" by the Development Research Center of the State Council. The group mainly engages in the processing and handling of glass, being active in buying and controlling stocks in the related industries, with its operations in other industries as well. The group wholly owns four subsidiaries has bought or controlled stocks of eight companies and has the right to handle its own import and export business. Qingdao Hengda Glass Group has passed ISO9001 International Quality System Certification. It is managed in accordance with the ISO9001 standards and its products have met the inspection requirements by the state authorities, being an enterprise at the AAA Credit Level. Qingdao Hengda Glass Group has the first-class production equipment, such as the first large-scale production line in Shandong province for plane and curved toughened glass, vacuum glass and thermal glass and large scale double side grinding machines, more than 30 sets in total. Its major products include, flat(bent) toughened glass, hollow glass, heat bent glass, interlayer glass, thermal glass and vacuum glass. It also operates in such related industries as wall engineering, adornment engineering, glass machinery, glass furniture, etc... In 1998 the group invested RMB150 million to introduce an advanced complete production line for automobile glass from abroad and set up Qingdao Huajing New Style Glass Co.,Ltd., which is one of the automobile glass producing and processing companies meeting the international standards. In 2002, the group set up a joint venture with a company from Taiwan, which was named Qingdao New Zhouyi Glass Company ,Ltd., with Hengda group controlling. The major business is to import and export glasses and related products. The

company is advantageously located in Qingdao Economic and Technological Development Zone, being near to several glass producing bases such as Qingdao Float Glass Co., Ltd., Qingdao Sun Glass Co. Ltd., (already purchased by French Shengkeban Co.) and is only 5KM to Qianwan port. With convenient transportation facilities, the company has the best price advantage among domestic glass processing and exporting enterprises. The Chairman of the board Mr. Liu Chengwei and all his staff are following the management concept and standard of internationalization, making great efforts to create a world-famous "Hengda" brand for its glass products. We are determined to supply the best products and service to our customers. We also welcome investment and cooperation both from home and abroad "Provide the best products to the world" is the goal always pursued by the Hengda crew.<
