COMPANY BACKGROUND / HISTORY

We offer building glass melting furnaces along with repair services for glass industry.

Complete range of services, such as turn-key projects as well as repair projects including engineering, refractory assembly, steelwork, hot and cold repairs among many others are provided by us.

Facilities for manufacturing steel construction and permanent workers such as engineers for refractory and steel construction, bricklayers or steelworkers allow us to meet our customer needs.

Thanks to supervisors speaking foreign languages we have successfully completed many international projects and repairs.
