Address	Guardian Industries Corp. Float Glass Plant 14600 Romine Road MI 48117 Carleton
Country	USA
State	Michigan

PRODUCTS OR MACHINERY

Manufacturer of Float Glass, ultrawhite Low-E Glass UltraWhite glass is manufactured with reduced iron content – low-iron glass is clearer. Our scientists have found that reducing the iron and using a new raw materials formula increases light transmission and reduces the greenish tint in clear glass that is most apparent when viewed from the edge. This green tint becomes more visible as regular float glass gets thicker. The result is pure, sparkling, very clear glass.

Company Profile of **Guardian Industries Corp.**

A service of glasssglobal.com, an affiliate of glasssglobal group.
