## PRODUCTS OR MACHINERY

Technical product solutions to the screen printing and decorative sandblasting industries, Photosensitive Films for screenprinting, Direct Emulsions, Capillary Films and Indirect Films, PhotoBrasive Systems® Screen Printing To the screen printing market, Chromaline Screen Print Products supplies a full line of stencil making films, emulsions, screen chemicals and inkjet media for artwork creation. Chromaline stencil products are designed to help customers create quality, trouble-free screens that meet the needs of today's demanding print jobs. Chromaline products are sold through a global network of dealers to screen makers around the world. Decorative Sandblasting In this market, IKONICS sells its products under the trade name of PhotoBrasive Systems®. To these customers, the company is focused on being a "total solution" supplier. PhotoBrasive sells virtually everything a customer needs to set up their own sandblasting business, including training, photosensitive films, art supplies, glass products and equipment.
