COMPANY BACKGROUND / HISTORY

Henry F. Teichmann, Inc. is a world-leading Glass Process Engineering Contractor dedicated solely to the glass industry. For over seven decades, we have been providing turnkey projects that include engineering, procurement, construction and project management for clients worldwide. Those projects consist of complete float, fiberglass and container plants. Teichmann also provides those turnkey services for specialty plants such as sodium silicate, borosilicate tubing, television, table and pressware, pattern glass, environmental waste, lead crystal and hand glass.

Since 1947, Henry F. Teichmann, Inc. has grown and progressed on the principle . . . "Satisfied clients are our most important asset." We take great pride in our reputation and expect to continue to improve and innovate as contractors and engineering specialists. We promise to be worthy of the position we have earned and achieved within the glass industry. Our commitment to total quality performance and customer satisfaction has enabled Teichmann to design, procure, construct, and successfully start-up the glass making process in over 40 countries worldwide.

Our "Teamwork" philosophy to Turnkey Project Management gives our clients the benefit of "systems integration" within the entire glass making process. We know that you can benefit from our wealth of real glass industry experience that resides with the Teichmann Group. Let us bring you into the future of glass making and develop a long-lasting relationship built on: Technical Excellence, On-Time Performance, Competitiveness, Confidentiality
