PRODUCTS OR MACHINERY

Cutting, Grinding, Drilling Equipment, Diamond Tools

We have become an established supplier of specialty tools for the glass processing industry because of high-quality products in the field of optical glass, lab, flat, or decorative glass.

Large-scale measuring and trial runs at the place of production provide the highest possible degree of competence and reliability.

In order to also be able to offer tools in this area for more efficient processing procedures, we constantly develop new tools that are adapted to the different modes of behavior of the material to be processed.
