Address	Eclipse, Inc. Elster Thermal Solutions / Honeywell Group 1665 Elmwood Road Rockford, IL 61103
Country	USA
State	Illinois

PRODUCTS OR MACHINERY

Our products include fuel-efficient burners and complete combustion systems for use with air, oxygen, gas or oil.

Eclipse offers burner systems to meet any glass melting requirements, in addition to Oxygen Enriched Air Staging, oxy-boosting, oxy-forehearth systems, control systems and furnace monitoring. From engineered systems to custom configured products, our solutions based approach insures that customers get the most effective equipment for their specific glass heating applications. With the addition of the Laidlaw Drew products, Eclipse has the largest portfolio of combustion products to support the melting requirements of the glass industry.

Eclipse offers the most complete portfolio of advanced combustion equipment for the glass industry, worldwide. From burners to complete systems, we provide combustion solutions for every process in the glass plant.

All major regulatory approvals are available including CE, IRI, FM, NFPA, UL. Support services include engineering design, CFD modeling, installation, startup and efficiency audits. More than 800 glass furnaces worldwide use Eclipse combustion equipment.
