## PRODUCTS OR MACHINERY

### Invisible

Our top-grade AR coating shows zero-reflection and delivers vivid colors, sharp images, as if there is no glass at all. Your best choice for display cabinets and monitor cover glass.

### Antibacterial + Anti-Reflection

Germ-free and anti-reflective, protects users' eyes and health.

### Anti-Blue light

Our specially formulated anti-blue light coating blocks incident light in the blue range, prevents digital eye strains and workplace eye injuries.

### Non-Conductive Metallic coating /

The bright finishing delivers metal-like texture with non-conductivity, excellent physical properties, and wear-resistance. It prevents radio interference, and is widely applicable to electronic devices, such as mobile phones, PDA, GPS, and bluetooth gadgets.

### Super TCO /

This newly developed TCO coating features high conductivity, high wear-resistance, high transmittance, and provides solid thermal insulation. It is not only functionally efficient but also cost-wise.
