PRODUCTS OR MACHINERY

The EDUARD KRONENBERG GmbH belongs to the worldwide leading, manufacturer-spreading suppliers of connecting elements for the Insulating Glass Industry.

Whether Aluminium-, Steel- or Warm Edge spacer bar- or georgian bar systems, EK develops and manufactures an adequate and fitting system solution. Our connecting elements made of steel or nylon have the advantage of high stability, a secure and durable clutch within the profile as well as an easy assembly.

The two productlines EK STEEL Connect and EK POLO Connect contain connectors as following:

- Straight connectors desiccant passage
- Straight connectors desiccant stop
- Gas and dust tight connectors
- Connecting elements for Warm Edge profiles
- Corner and model keys
- End pieces and cross connectors for Georgian bars

The company keeps a high quality standard and is certified according to ISO TS 16949:2009

COMPANY BACKGROUND / HISTORY

You have the profile. We have the right connection.

The experience of over 145 years in precision stamping and steel processing, in addition to constantly striving for improvement, are the basis of our claim of always being well ahead of our time. While traditional values and professional skills are the source of our innovative power, we can always rely on the high level of motivation and the tremendous commitment of our workforce.

As the market leader in the field of steel connectors and innovative system solutions in steel and nylon for the insulating glass industry, we supply all the major manufacturers of spacer bars used in insulating glass edge surrounds and Georgian bar profiles. In a modern insulating glass manufacture, our EK Connect products are the preferred solution for a secure connection.

We have straight connectors, corner keys and Georgian bar accessories for all spacer bar systems in all sizes.
