Process chain

With competence, passion and precision

Check out our process chain - from glass production to the finished Semcoglas product. Glass products are manufactured in our factories with competence, passion and precision - resulting in Semco quality.

Glass Manufacturing

The float glass factory in Magdeburg/Osterweddingen produces up to 800 tons float glass each day, ranging in thickness from 3 to 19 millimeters. We also invest, with creative engineering services, in active environmental protection and our future by means of highly modern waste gas cleaning and energy recovery.
