Address	**Manz AG** Steigäckerstr. 5 72768 Reutlingen
Country	Germany

PRODUCTS OR MACHINERY

The direct conversion of sunlight into electricity is a trendsetting technology that secures the power supply and reduces environmental pollution. Manz has worked for many years creating automation solutions for solar cell manufacturing and has contributed significantly to the trends of this young industry with innovative system solutions. Manz systems are used in wide-ranging installations for the production of silicon wafers, manufacturing of solar cells as well as for the final assembly of solar modules.

Company Profile of **Manz AG**
