PRODUCTS OR MACHINERY

Unique printing technique Kingfisher glass print has refined a printing technique that allows us to print high quality images onto almost any ceramic material. Our print process places a pre-fabricated decal in precisely the same location on each item. • The work is then glazed in a conveyor tunnel kiln at around 600° Celsius - where the decal is permanently fused onto the product being decorated If you can hold it still, we can print it! Glass wine bottles Ceramic bottles Ceramic mugs and cups Ceramic plates Wine glasses for tasting Trophy Glassware Tumblers Coffee Mugs
