Address	Fonon Technology International 41 Skyline Drive, Suite 1009 Lake Mary, FL 32746
Country	USA
State	Florida

PRODUCTS OR MACHINERY

The SBM 777G is a state of the art new generation of glass scribing systems which operates using our worldwide patented ZWCT™ non-dimensional laser scribing and dicing technology to customers in the FPD and Semiconductor industries internationally.

- It is based on Fantom™ technology and build from modern components allowing modular replacement and enhanced reliability
- System does not have any external laser optics and does not require any field alignment
- Direct drive 4 axis motion system and vision image recognition insures smooth integration into any manufacturing line
