## PRODUCTS OR MACHINERY

### **Cognex SmartView**

Cognex SmartView ® surface inspection systems enable you to detect, identify, and visualize defects on the surfaces of products that are manufactured in a continuous fashion such as metals, paper, plastics, and nonwovens.

In today's highly competitive marketplace, increasing demands are being placed on manufacturers to improve efficiency and increase productivity. As you run your lines at faster speeds, you consequently risk an increase in the occurrence of defects. You need a cost-effective solution that provides you with the maximum return-on-investment.

### Company Profile of **COGNEX Corporation**

A service of glasssglobal.com, an affiliate of glasssglobal group.
