PRODUCTS OR MACHINERY

DreamGlass® Privacy Glass enables you to have instant privacy at the flick of a switch. DreamGlass® is a laminated glass panel composed of polymer dispersed liquid crystal film (PDLC). By applying a small electrical current, user can change state from opaque to transparent, and vice versa. Due to its easy installation, DreamGlass® can be used in vast range of applications. Each and every **DreamGlass®** Privacy Glass panel is produced under meticulous quality control processes and tested before each delivery.
