## PRODUCTS OR MACHINERY

ModelsPORT-A-COOL® manufactures 4 different types of machines. The models are available in 16", 24", 36" and 48" diameter of the fanblades. All the machines are manufactured in the USA and are shipped completely assembled and ready to operate, right out of the box. All the models work on water and electricity, the integrated watertank let the machines work for hours without refilling. ¾" garden hose connection supplies water when needed.

PORT-A-COOL® is a durable one-piece molded plastic polyethylene housing. Except for the 16" model every machine is foreseen of wheels, thanks to the mobility the product can be used where the cooling is needed most. Except for the 48" machine all the models are in variable speed, the adapter can put on the adacuate speed wanted.

All the machines are environmental friendly, the air is ventilated and evaporated, there are no toxical gases.
