## PRODUCTS OR MACHINERY

We offer a wide range of products, systems and solutions for thermal processing, based on our leading resistance heating alloys, metallic elements, ceramic heating elements, and other high-temperature materials and components. Our customized solutions would often include such products as:

- Kanthal and Nikrothal resistance heating alloys
- Kanthal APM and APMT powder metallurgy high-temperature alloys
- Kanthal Super MoSi2 heating elements
- Kanthal Globar SiC heating elements
- Tubothal, Moduthal and other metallic heating elements
- Electrical Heating Systems with integrated control systems
- Kanthal APM and APMT extruded furnace tubes

We offer solutions for a wide range of applications like

- float glass lines
- production of flat screen glass
- production of solar glass
- production of automotive and other toughened glass
