Address	PT. Tamindo Permaiglass Jl. Jababeka Raya Blok C No. 30-31 Cikarang Industrial Estate Bekasi
Country	Indonesia

PRODUCTS OR MACHINERY

Our services range from glass processing, architectural glass design and manufacture, engineering and consulting for the glass industry. All of these businesses are backed by effective production, action development and market action.

Architectural Glass in Tamindo always develop with an innovative application of new technologies. They work with architecture to make it more exciting, dynamic and ultimate more meaningful for those who experience and use it.

We also provide FLAT GLASS PRODUCT such as :

- » Clear Glass
- » Tinted Glass
- » Pattern Glass
- » Mirror

Automotive glass is made hardened by heating raw Flat Glass until it has reached a certain temperature then cooled suddenly by spraying air on both surfaces of the glass. This type of glass is usually utilized for windshield, side and rear windows of automotive.
