PRODUCTS OR MACHINERY

Schmidt Electronics Group is one of the Asia's leading integrated technology and solution providers with over 110 of years history. Leveraging on our well-established brand, the Group offers a bundle of value-added products and services in electronics industry to a broad and diverse base of customers for both industrial and non-industrial sectors.

Headquartered in Hong Kong, the Group currently operates globally with 800 employees in over 10 countries across Asia and Europe, giving customers the benefits of local presence, regional support and consistent service.

The Group is now operating in four core businesses: Auto-ID and data capture solutions, sourcing and supply services of industrial materials, prototyping and high quality manufacturing services, distribution of test & measurement equipment, and SMT production equipment for electronics industry.

Whether in semiconductor and passive components, communications, automotive, consumer and industrial electronics, government or research institutions, we are able to offer a comprehensive range of integrating technologies with strong local support that there is no one else now can offer within the region.
