Address	Kintec Company 9 Shung King Street,Hung Hom 999077 Hong Kong
Country	China (People's Republic)

PRODUCTS OR MACHINERY

KINTEC Company aims at supplying high quality indium-tin-oxide (ITO) coated glasses at a low price, which is particularly suitable for the academic and research purposes. More importantly, we provide ITO patterning service from small to large ITO glasses, and fast international delivery service.

We are also capable of mass production. Our high quality ITO glasses can be employed as transparent conducting substrates for the application of Small-molecule Organic light-emitting diodes (OLED), Polymer light-emitting diodes (PLEDs), Organic photovoltaic diodes (PVs), Organic transistors (OTFTs), Electroluminescence devices, Chip-on-glass (COG) and liquid crystal displays (LCD) (e.g. TN, STN) We examined the ITO quality microscopically and tested the corresponding performance in OLED/PLED devices.

Besides ITOs, we also supply organic electronic materials for the research of organic light-emitting diodes (OLED materials). Under standard device testing scheme, our materials are verified in terms of electroluminescence performance.

Company Profile of **Kintec Company**

A service of glassglobal.com, an affiliate of glassglobal group.
