Address	Phocos AG Magirus-Deutz-Straße 12 89077 Ulm
Country	Germany

PRODUCTS OR MACHINERY

The product development concentrates particularly on the problem of energy storage in autonomous electricity supply systems. Goal is to increase efficiency and reliability and to lower the cost through intelligent production, storage and consumption of energy.

Phocos can rely on the experience of its engineers and on a number of co-operations. The enterprise is connected with the University of Applied Sciences in Ulm by a tradition of many years.

Phocos co-operates with the Centre for Solar Energy and Hydrogen Research particularly in the field of fuel-cell technology, which is considered as an essential component for future electricity supply systems. In the year 2001 a photovoltaic fuel-cell hybrid demonstration system was presented for the first time.

Company Profile of **Phocos AG**
