## PRODUCTS OR MACHINERY

Madico PVF (poly vinyl-fluoride) composite laminates for solar modules are the most innovative and durable backsheets in the industry. For more than 15 years, our photovoltaic backsheets have delivered superior performance in the harshest environments. Our product line offers a variety of colors, such as black, blue, green, charcoal, and white, in roll widths up to 72 inches. Custom colors and constructions are also available to meet the aesthetic requirements of any project.
