PRODUCTS OR MACHINERY

Through Energés we can advise you on the best solution to install in your photovoltaic plant. Energés consists of professional engineers that offer personalized and comprehensive solutions to meet the needs of your project. We are prepared to analyze all the possible options, be it an installation on the roof of a building, or in an isolated location, either with fixed or tracking designs. EVERYTHING IS POSSIBLE. With Energés you can also invest in a Solar Farm, a solar plant consisting of various smaller plants, owned by different entities, yet installed in the same location. This a special solution which offers various operational and economic advantages.
