PRODUCTS OR MACHINERY

SOLEOS Solar GmbH is an international company whose experts pride themselves on up to 15 years of experience on the photovoltaic market. We are a wholesaler as well as a system integrator and supply both, grid-connected PV-Systems starting from low-kWp to the large MWp range, as well as off-grid installations. Single components of a solar power installation, in particular, several modules, inverters and mounting systems are also distributed. Beside the domicile near to Cologne, SOLEOS has founded two branches in Spain and France in 2005. The fact that the 35 associates and trainees of the company talk altogether ten languages is very useful for the communication with international customers and partners.
