## PRODUCTS OR MACHINERY

wedding glasses, sets of drinking glasses, gifts - glassware decoration by hand-painting, engraving, metal-deposition

The articles which we decorate are mouth-blown through and made of Na-K-Si glass, produced in Bulgaria, Check Republic, Romania, France, Turkey, Sweden and Great Britain.

The company realizes orders for glass decorating along with other glass articles supplied by the client.

In the process of decoration we use the most innovative paints and glass materials produced by famous makes such as Heraus and Degussa. When these materials are laid precisely and the glass is fired to 520°, they are harmless and resistant to washing.
