Address	<b>ERIT –</b> Divisione sistemi fotovoltaici di SITAV ENGINEERING Via Pianezza, 202 10151 Torino
Country	Italy

## PRODUCTS OR MACHINERY

### ERIT PATENTED SYSTEM

ERIT® is an innovative solution in which high-efficiency photovoltaic modules and pre-insulated panels become a single roofing product. ERIT® is the cheapest, most effective, lightest and most advanced roof system. It ensures: protection against atmospheric attack, energy savings due to thermal insulation, energy generation from the Sun at no cost and the possibility to sell the energy produced to the Energy Distributor, according to the laws in force. In some countries the integrated photovoltaic system ERIT® takes advantage of higher incentives because it is completely integrated in the roof (replacing traditional building components for roofings).

### Company Profile of **ERIT –**

A service of glassglobal.com, an affiliate of glassglobal group.
