PRODUCTS OR MACHINERY

Glass and glazing systems have always been prime tools for the architect / designer to give an independent identity to his creation. This means that the glass supplier should have the capacity and capability to offer custom-built glazing solutions.

Belgium Aluminium & Glass Industries is well positioned to cater for the needs of contemporary architects and consultants through its competent infrastructure of proficient management and office staff, computerized design section, modernized workmanship, qualified engineers and trained labour.

We keep in touch with the latest developments within the glazing field and modify our workmanship by adapting the latest technology and material developments to give the client full satisfaction in terms of economy, quality and service.

We can provide glass for:

- Curtain walling - 2-way and 4-way structural glazing
- Skylights - Domes
- Partitions and Dividers - Screens
- Windows and Doors - Shopfronts and Entrances
- Balustrades - Walkway Canopies
- Machine Guards
- And many other applications

Belgium Aluminium & Glass Industries use all types of glass as specified by the Consultants for any particular project. Our product range incorporates glass from world-renowned manufacturers like Glaverbel (Belgium), Saint Gobain (France), Guardian Glass (U.S.A.), Ford Glass (U.S.A.), Emiglass (U.A.E.) and many others.

Qualified technocrats at Belgium Aluminium & Glass Industries constantly improve our services by refining processes and methods to deliver best quality, supported by a factory having the latest machinery, with well trained operators, fabricators and supervisors adopting prudent methods. With computerized Design and Engineering sections, the company strives satisfy any requirement set for it.

Belgium Aluminium & Glass Industries is assessed to comply with:
ISO 9001
ISO 14001
