Address	Dymax Corporation 318 Industrial Lane Torrington CT 06790
Country	USA
State	Connecticut

PRODUCTS OR MACHINERY

Dymax provides UV/Visible light-curable adhesives, UV/Visible light-curing equipment, and adhesive dispensing systems for industrial assembly applications. Dymax Light-Weld® UV-curable glass bond assembly adhesives cure in seconds upon exposure to ultraviolet light. Multi-Cure® grades cure with UV light, activator, or heat for UV-blocked and tinted glass. These glass-bonding adhesives are all one part, solvent free, and do not emit VOCs during cure.

Dymax UV-curable glass adhesives form high-strength, clear, environmentally resistant bonds to glass as well as plastic and metal substrates. They adhere to soft glass, borosilicate glass, lead crystal, steel, plated metals, and thermoset plastics. These glass adhesives form excellent bonds to the following: stemware, glass headlamps, fountain assembly, furniture assembly, art glass, architectural glass, bullet-proof glass, crystal figurines, trophies, novelties, metal brackets to glass, and laminating.

Company Profile of **Dymax Corporation**

A service of glasssglobal.com, an affiliate of glasssglobal group.
