PRODUCTS OR MACHINERY

Since 1990, AIS Automation Dresden has been active as a system and software house in a variety of areas such as Manufacturing Automation, System Integration and Equipment Control. AIS offers IT solutions for all the production areas in the photovoltaic and solar industry. As a provider of package solutions, AIS offers custom-tailored IT solutions for the entire life cycle of production from simulation through production control (VPC-MES) and data analysis to process optimisation (APC).
