PRODUCTS OR MACHINERY

CP-Solar is located in Wenzhou, Zhejiang Province, south of Shanghai. Founded in 2006, First, CHINA PARTNER SOLAR officially becomes CP-Solar. CP-Solar is a producer of photovoltaic panels mono and poly crystalline now known and recognized for its reliability, quality modules and delivery times very fast. True to our principles, CP-Solar will now further in its global approach to solar energy by creating a joint-venture with Lynx Industries and becoming a subsidiary of Lynx Finances Group, a major European financial group, which already has a manufacturing plant for solar panels and accessories with a capacity of 120mW (delivery of the new plant, June 2009). We are also proud to report that our new financial partner is also a specialist in renewable energy in the field of Research and Development, the self-financing photovoltaic installation and production of PV CP-Solar becomes more than a single entity exporting solar panels. It uses its internal forces such as the commercial service, an international management, a commercial presence on all continents. Its new financial strength enabling a production capacity is more important to CP-Solar a reputable and recognized by professionals. Total investment in the quality of materials (silicon, accessories, etc.. ...) And the innovation of its R & D team will push CP-Solar and his new partner to see European financial 2009 with very good prospects.
