PRODUCTS OR MACHINERY

Diehl AKO, an enterprise of the Diehl group, sets standards for the development of innovative photovoltaic products by means of innovation and high-tech production in Germany. A tradition of more than 100 years as well as the safety of a production volume of more than 20,000 electronics a day in Germany alone form the basis of an outstanding inverter technology at the highest level of proficiency. (conversion efficiency 98%; photon test 02/09: excellent A+) A manufacturing technology with an unprecedented six-step test technique guarantees the highest quality and reliability that makes Diehl AKO your reliable long-term partner on the photovoltaics market. Thus, the guarantee for all PLATINUM inverters can be extended 20 years beyond the 5 year warranty. All PLATINUM inverters hold the title "Made in Germany", are CE-conforming and comply with the respective standards. PLATINUM inverters are distributed by Matrix Power Systems GmbH, the sales organization of Diehl AKO, which was founded in order to effectively meet the special requirements of the photovoltaics market.
