Address	<b>E-ton Solar Tech. Co., Ltd.</b> No. 498, Sec. 2 Bentian Road Tainan 70955
---------	------------------------------------------------------------------------------------

---

Country	Taiwan, R.O.C.
---------	----------------

## PRODUCTS OR MACHINERY

E-Ton Solar Tech has an innovative and experienced R and D team. E-Ton Solar has deployed vertical and horizontal integration in acquiring USA upstream wafer manufacturer, Adema Technology and leading downstream module manufacturer, Gloria Solar, and further establishing Auria Co., Ltd. ("Auria"), a dedicated manufacturer of thin-film solar cells. The establishment of this new business again reinforces E-Ton Solar's aspirations for the solar industry, its determination to expand, and the creation of synergy by vertical and horizontal integration strategies. This deployment further strengthens the competitiveness of E-Ton Solar Group's one-stop shopping strategy. Our current production capacity is 440 MW in 2009, and will expand to 630MW by 2010.
